## Information on the "Tourism for All" labeling system

All establishments and locations certified with the label "Tourism for All" meet the following quality criteria:

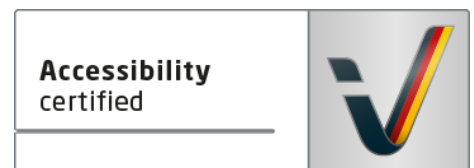

- Data and information on accessibility are collected and checked on site by **external, specially trained evaluators**. The method is not based on self-assessments.
- Data on accessibility is available **in detail** and can be viewed by the guests.
- At least one staff member has successfully passed a **training** on "**Accessibility as a comfort and quality feature**".

### The labeling – explanation of the logos and pictograms

The label "**Information about Accessibility**" indicates that detailed and verified information on accessibility is available for all groups of people.

The label "**Accessibility certified**" is based on "Information about Accessibility". It means that the quality criteria defined for specific groups of people are met partially or completely.

The label "**Accessibility certified**" is available in two requirement levels:

#### "Accessibility certified: partially accessible".

The quality criteria are partially fulfilled for the pictured group of people, i.e. the establishment/location is partially accessible for wheelchair users. The "i" in the pictogram indicates that it is recommended to read again carefully whether the offer meets all (your oder the guest's) individual requirements.

#### "Accessibility certified: accessible".

The quality criteria are fulfilled for the pictured group of people, i.e. the establishment/location is accessible for wheelchair users.

There are defined quality criteria for **seven groups of people** and a **specific pictogram** for each group.

People with walking disabilities

Wheelchair users

People with hearing impairment

Deaf people

People with visual impairments

Blind people

People with cognitive impairments
